Description

Regulatory Affairs Specialist – Pesticides & Fertilizers

Responsibilities

– Manage the registration process for pesticides and fertilizers in compliance with regulatory requirements.

– Stay up-to-date on local and international regulations related to agricultural chemicals.

– Collaborate with cross-functional teams to ensure product compliance and timely submissions.

– Conduct risk assessments and prepare regulatory submissions to authorities.

– Provide regulatory guidance to internal stakeholders on product development and labeling.

Qualifications

– Bachelor's or Master's degree in Pharmacy or related field.

– Proven experience in regulatory affairs within the agrochemical industry.

– In-depth knowledge of pesticide and fertilizer regulations.

– Strong analytical skills and attention to detail.

– Excellent communication and interpersonal abilities.

– Ability to work independently and as part of a team.

Job Benefits

– Competitive salary and benefits package.

– Opportunities for professional growth and development.

– Collaborative and inclusive work environment.

– Contribution to meaningful and impactful projects.

If you are passionate about regulatory affairs and have a background in pharmacy, we invite you to join our team and make a difference in sustainable agriculture.
